“ Dear Brothers:

It is with a sad heart that we have come to the passing of our father. No matter where the paths of all our lives take us; we have our memories. Each different from the other. Dad was a hard working man, never missed a day on the job that I recall. He enjoyed this chew, the Stroh's, and his garden. The last several years must have been hard for him. With the passing of Bob and Frank in 2000. His health. He lived where he was unable to do what he wanted most, to have a garden. He spent a lot of time helping the staff where he lived. He spent his time painting and coloring. The people that took care of him said that they "loved him". To these wonderful people I say thank you very much.

Soon Dad will be with his boys and we can be content that they in spirit will be together.

Bye Dad
