“ Ron and Mary, I am so sorry. I did not see the news about the accident and was so surprised to see the obituary. It doesn't matter how many years our children live, they are still our children and we grieve and mourn their death. I grieve the death of my Billy since 1998. I feel like your family is a part of me and even though we do not see each other often I will grieve the death of your son Clem with you. If I can be of assistance or if you want to talk to someone who understands the pain you are feeling, please call me at (724)-287-6010 and I will come immediately. I do not know where you live or your number or I would contact you more personally than this. Love and lots of warm hugs and prayers for you. C. J. Mitchell###imported-begin##C. J. “ Clem, you were so supportive in everything that any of us did. You had a smile that could cure all doubts, and a heart that would stretch for miles. Your talents will forever live on, and I hope to pass along some of your advice you handed down to me onto my children as they get older.

Your advice will live with me through eternity and I am forever grateful to have known you and been related to you.

You will be missed and loved by all and my thoughts and prayers are with everyone in the immediate family at this time.

“ Dear Ron and Mary,

*I took care of Clem after his accident for about 9 weeks straight in room 10 in the Trauma ICU. Ron had told me that every day he reads the Derrick on the computer. Since then I have been doing the same thing. This is how I saw Clem's obituary. Just recently I thought about all of you and was telling someone how I had taken care of Clem for so long. I send my sympathy to you and your family. I enjoyed getting to know all of you during Clems's stay in the Trauma unit.*

*Sincerely,*
