“ Dale was a wonderful man. He truly was a blessing to my life as well as Judy. They made me smile everyday. They treated me as family. I was blessed to have Dale come back to Sunnyview and volunteer under me. And the times we'd spend at the farmers market. He truly was sunshine on my cloudy days. I am at peace that he is now at peace with his favorite person. My biggest condolences. And thank you for the happiest memories and wish the best ones for you. May God Bless.
