“ Dear John Hall and family,

*I remember your father as &quot;always being there.&quot; Much can be said of that brief statement in today's society. He was there for you in church, scouts, school, and vacations (Lakeside Ohio). If friends of old remember such simple things, know and be comforted that your father was very honorable and was seen by people outside your family as doing the best he could for you. Our thoughts are with you during this difficult time.*

*John, I would love to keep in touch again and would like to meet with you and your family when you make it back to Butler sometime. After all settles, consider sending some contact info and we can reminisce. In the meantime, our prayers to your family.##imported-begin##Carl Shields and family##imported-end##*
