“ Jane lived next to my parents place in West Sunbury, Pa. We were always friends and stuck up for each other. Had many arguments but were there for each other always. Jane and I were the same age. A lot of good memories for both families. Jane will be missed greatly. I moved to Arizona in 2009 and returned to Butler in 2015. We became friends on Face Book and had lunch with another friend, Ann Hall ,whom went to school together. I did not know how sick she was and the announcement of her death was quite a surprise. R.I.P Jane. Until we meet again.

“ I knew your mom from Tri County Quilters. Your mom had an eye for colors and made beautiful quilts. She missed her guild in Virginia. Her and I bantered back and forth on social media. I have missed that, and it will continue, we were of like minds. My sympathy to you and your family. I know she missed her siblings, and I believe they were all waiting for her.
