“ Janet was my lifelong friend and I cannot believe it has been 20 years since she has died. Condolences go to her family from me, Dellzell Chenoweth. Circumstances made it impossible for me to come to her funeral. On March 14, 2024 a tornado struck the village of Lakeview Ohio in which I live destroying it almost entirely. A tornado could not devastate me as much as Janet's death has. I have and will continue to miss her. Because of her friendship, I am a better person. Vincent Van Gogh knows how she suffered for her immense love of art. Janet will be forever loved and missed by me.
