“ *i am sorry to read of Joans passing. we were classmates in the SRHS class 1973. a story about Joan and I. we both were at our jr class play rehearsal of the man who came to dinner. the roads were snow covered and we headed down 528 in my folks dodge dart. Joan ended up having to sit in the trunk for traction. we did 528 because i needed to drop Joan off at home and I wasnt letting a "little bit" of snow stop me. well once we got to the top of the hill we headed down another hill when we got to what i believe was Lindey Road to the right. my car got a flat tire. but have no fear I had AAA. This was before cell phones. so we had to walk to the closest house which really wasnt close to call my folks and AAA. a usual 20 minutes ride took about 3 hrs before we reached home. Joan and I would chuckle about that often when we would be reunited. again sorry for your loss.* ”
