“ I am not sure you got my post. I am Kathleen Barber Sturgis. I am Ila and Lawrence Barber's granddaughter. I now live in Sewanee, TN. My parents, Don & Pearl Barber are buried in Butler Memorial Gardens also. I imagine John will be buried beside my grandfather, Lawrence. My grandmother is buried in California despite what the marker says. I am so sorry for the loss of your father and grandfather. Johnny was like brother to me growing up. I was raised in my grandparents home for a time. I only knew about Misty. When I last saw Johnny it was after he and Alice had married and that was a long time ago. I had no idea there was a big family. I am so sorry we weren't able to know each other. I have some pictures of our early years if your kids would like to have them. You can call if you wish to get more information 931-598-5324. I am so sorry for your loss. Peace as you begin your time of healing.

Thank you Kathleen. Your words and memories are a great comfort. He will indeed be buried near your grandfather. He took me to visit the plot one day to put flowers on my mom's (Alice) marker and told me about your grandfather and the fact that "Gram" was buried in California. Thank you for reaching out to us. -Lori Frescas
