to grandme i love and miss you and i hope i will see you again in another life. thanks for loving me and my mom even if at the time i just didn't know just how much you struggled with. i know you loved us and i know you tried your best. I also know you would have been there and would have tried to be there more if it were not for your circumstances. But still i think you were my guardian angel in life and in death. I look forward to our next meeting in my dreams. With love your beloved grand daughter chelsea. :)
