“ When we were young my family traveled from California to Pennsylvania to visit my Aunt & Uncle and cousins. It was July. I'm trying to figure out what year... We watched fire works, caught fire flies in a jar. Memories I will always remember. I didn't get to know my cousin Ken as an adult and appreciate these post that tell me a little about him. Blessings to the family and I am praying.

“ *Ken, I can't even imagine not having you around. When Brian & I first moved into our home, you were always there, puttering away in the garage, making the dogs behave. I was never one to enjoy company, but you were ALWAYS welcome, because you stayed to yourself. It got to where I was disappointed when I didn't see your van in the driveway, but when it was, I always greeted you & Brian with a, "Honeys, I'm home!" Honestly, having you there gave me an odd sort of comfort.*

My husband has lost his 'brother' & his heart is broken. Without you, our family has become smaller. We love and miss you, but I am certain heaven is filled with well-stocked bass lakes, boats that don't need gas & endless amounts of Mountain Dew.
