Kimberly Kay Paula Ray, March 31, 1969 - October 9, 2024

Kimberly Kay Paula Ray (55), daughter of James O. Ray, Jr. and Gloria Jean (Shalapsik) Ray, passed away at her home on Thursday, October 9, 2024. Kim was a 1987 graduate of Penn Hills High School and long-time employee of James Ray & Associates, where she had the pleasure of working for her father.

In more recent years, she had found a love for sales as a member of Bob's Discount Furniture.

Anyone that knew Kim knew that her love for her fur babies was unconditional, and she was always excited to show her friends and family pictures of her "kids." They were her favorite people. Recently, she loved spending time with her domestic partner, Sloan, who both loved their adopted shelter dog Chance, lovingly named for his "second chance" home with Kim and Sloan.

She was preceded in death by her father, James O. Ray, Jr., her mother, Gloria Jean (Shalapsik) Ray, her sister, Robin Pfeiffer, her brother, Michael James Ray and her faithful, four-footed companion, Lucy.

She is survived by her brothers, Mark Eugene Ray and Todd Allen (Lisa) Ray. She is also survived by many nieces and nephews: Charlie, Meghan, Nicholas, Billy, Stephen (Kirstin), Taylor, Christian, Zachary (Emmyline), Alex (Victoria), Joshua and Katelyn. She is also survived by many aunts, uncles, cousins, great nieces and nephews and friends.

Friends and family will be gathering on November 3 at 12:30pm at River of Life Church at 905 Pennsylvania 906, Webster, PA for a time of remembrance. We invite you to join us. Reception immediately following service.

“ I was both shocked and saddened to learn about Kim’s passing. I worked with her for several years in the furniture business and we became close friends.  
I lost touch when I left that position. What a beautiful spirit with a caring and dear heart. She will be missed. May she rest in peace.

Although I never met Kim, I do know that she brought Sloan much joy. Her curious personality matched his childlike wonder well. Rest in peace. Her memory will live on.
