Tribute Wall

“ I was Marion's Butler Eagle carrier for over a year..I so enjoyed each day , to take her the paper and also her mail for her..She was weakened by pain,but that did not stop her from making an everlasting impact on me..She was a wonderful lady..I am so lucky I got to know her and help her each day as I could..I missed her very much over the past year since she was moved to Chicora Medical Center..I never made it up there to visit her,but thought of her daily as I still deliver to her home which now belongs to her granddaughter & her family now..I was very saddened when I read she had passed on..But I know she was a believer..and now she is in a much better and happier place..and I just want the family to know how much her friendship and smile meant to me..she will be sadly missed..you all have my deepest sympathy on the loss of Marion..God Bless..###imported-begin##Jody Spisak###imported-end##
