“ Karen, So sorry to hear that your mom has passed. Knowing your mom enriched my formative years in so many ways. From the differences between our families in cooking, games, and hobbies ...to the similarities in love of family and faith, all left an indelible impact on me. I carry you and your family in my heart always. Every time I cook potatoes and eggs or see a rhubarb pie, I remember the first time I ate those at your kitchen table.

I like to think that my Mama was there to meet her good friend Martha when she passed. May they continue to watch over us, guide us, and protect us as mothers always do.

With much love and deep sympathy, Patty

I remember those things and wouldn't trade a minute if it. I remember how I loved the rice and black eyed peas your mom made. We had a wonderful childhood together.

Love you

Karen

“ *I will remember my Aunt Martha as thoughtful, gentle and kind. She invited me to stay with her and Uncle Ray on several occasions when I was a child. I loved their corn roast parties when the whole family sat by the campfire waiting to enjoy the sweet taste of home grown corn on the cob! Those family times are precious memories to be remembered always. ❤️*
