“ My name is Roberta Pronesti, and I worked with Mary Lou at USIS, and also CACI. I was walking into the mine one day and Mary Lou had just gone down the third tier steps and her perfume smelled so good. I had to find out what perfume she was wearing, and luckily, I was working in her section that day. I found out that it was "Rare Pearls" by Avon, so it became my perfume of choice! As we got to know each other a little more and I heard about all of her medical battles, I was amazed at her strength. Also, the fact that she always had a smile on her face, no matter what. Mary Lou will truly be a very special "Rare Pearl" in our hearts.

“ My name is Dorene Lockhart and i had an opportunity to work with Mary Lou at USIS. She would always say not to call her on Sunday because that was her day for the family. She was truely an amazing person. A very good dear friend. I had asked her one day how she got her hair so shiny. She said i use a lot of conditioner. I will miss texting her the two times per year that we did. I will miss her. I pray for strength for the family.
