“ I had a great opportunity of becoming friends with Nelson. from Applebee's Trivia nights to concerts and working together. Our breaks at work always matched up and I will miss those times of us just laughing about random things and when I walked by customer service and me & him pointing at eachother saying YOUUU! and sometimes even taking the time to just BS before we both had to get back to work in those moments. There hasn't been a day where he hasn't gone thru my mind since the day he passed away. Nelson, you are missed more than you could have ever imagined<3

“ Nelson as such a great friend. I met him unexpectedly but I felt like we had been friends forever. We went through so much and did so much together. We attended so many concerts. Did so many activities. He made such a big impact on people. He had such a big heart. You were the bestest friend anyone could ever ask for and I'm so sorry that you passed so young. You could always put a smile on my face Nelli. May you fly high and keep that bright smile on your face, that's how I will always remember you. ♡ Rest in Piece Bestie..

I did not know Nelson personally, I would always see him when we would go thru self checkout . He was always very kind, respectful, and helpful to me. I complimented him on his boots, and we talked about his job, and things. My heart goes out to his family and friends at their loss. Heaven called an Angel home!

I would wait on him and his friends when they would come into Sheetz. He always seemed to be full of life, had a pleasant smile, and was upbeat when I waited on him. I am so sorry for his family and friends. May he rest in peace.
