“ Jay and family,

*My heart is saddened and broken as I think of my cousin, my childhood friend with whom I played and spent my teenage years. We were not only tied by family but by distance, our houses being so close. I remember playing dolls, using her "real" baby clothes that we would sneak out of their hiding place and then cringe when Aunt Amy would say, "I don't want you playing with them, I might have another baby someday!" Funny, I remember there being 'belly bands' a real old fashioned item, a piece of cloth that mothers used to place around the baby's belly to protect the naval. I remember swinging on Patricia's swings, going as high as we could go and singing our lungs out. Aunt Amy had an old pig pen that we cleaned out and made a playhouse. What fun we had there. We tried to paint "Play House" on the door but ran out of space and it looked like "Play Hour". We thought that was a good name for our fun little play space. In our teen years we would walk to the Post Office on bitterly cold nights, trudging up the Shore Hill to see what treasures awaited us in the mail. Of course Patricia would wait for letters from her pen pal Jack Conner. Then we grew up, got married and moved apart from each other. Time, family commitments and miles seperated us from each other. Now death has seperated us upon this earth and I will look forward to seeing her in Heaven. I'm sure we will greet each other with a great big hug which was what I waiting to do when she came to Nova Scotia.*

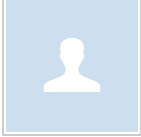

*She told me her that Zachary was the light of her life and that her step-granddaughter was just like her own. As far as she was concerned they were equal.*

*I loved her and tears come easily. I will be remembering her on October 20 as always.*

*When your heart is empty, filling it with happy memories can help you find your smile.*

“ Jay and Family:  
*I think it is safe to say that all of your family in Nova Scotia have you in their thoughts.  
Although it has been a few years since you've been in Nova Scotia, I can remember the smile you brought to your mother's face each time you came through the door at your grandmother's. Let the good memories be the ones that help you through this difficult time.*###imported-begin###David Outhouse###imported-end##

“ Hi Jay,  
*Sorry to hear about your mother's untimely passing. I did not know your mother that well as I only met her once while visiting one summer in 1959. My mother (Alice) is Borden's sister which makes me your mother's cousin. My mom also sends her condolences. We are both very saddened by your loss and reminded of how precious life can be

“ Jay and Family:

We are so very sorry to hear the sad news that your mother passed away. You may not know us, as we only spent summers in Port Maitland. We are the daughters of Jeanette, who was a sister to your grandfather Borden. Dale is the same age as your Mom, and knew her very well in her younger years. To lose both parents within a year must be devistating. Take comfort, Jay, in the love and support of your family and friends, and the good memories you have of your Mom and of your Dad. And on those sad days, remember this quote: "It's good to cry, it leaves room for healing."

Our sincerest and deepest sympathy.
