“ *The wind is more biting, the snow is heavier and the cold is more penetrating or it seems with the loss of George.*

Robert: Mom is a 'supermom' before the definition was written and you know that. I would marvel at what she would accomplish, without complaint, and when asked 'how do you do it'" her response was always you 'just do what you have to do' not looking for a compliment.

Owen & Olivia: Grandma George described you as the 'pot of gold at the end of the rainbow.. You understand.

The friends in her orbit understood the passionate, dynamic loving lady she was. Her laugh would fill a room and her smile would make a challenging day better. That smile directed at you didn't need words. Her smile conveyed the thought of 'I know...you know'. She loved and was loved and all were better for it.

Every night the evening sky will have a singular bright star visible to all energized by Georgi's spirit and seeing it will reminded us left behind of your beauty, your love and passion.

George made the world a better place and her legacy will be each of us performing daily Act of Kindness in her honor. She would love that.

God speed, my friend, God speed.

“ *It's great sadness to see those that have meant so much to the world, pass on to the next life. Georgiann was a good friend and mentor to many and I am extremely proud to include myself among them.*

Georgiann held nothing back, swung when she needed to swing, was patient when she needed to be patient, but loved always.

Gods speed my friend. Our thoughts and prayers are surrounding your loved ones at this time.
