“ I have so many good memories of Ron. I know just about every night i would go to his apartment and talk about wrestling and I would give him his insulin shots. He became like a brother to me. Please know that I will never forget him and will remember the good times. Your whole family is in my thoughts and prayers.

Greystone Manor Apartments are sending condolences to all Ron's family and loved ones. He was a huge part of our small "Community " and has been missed ever since he had to leave for medical reasons. He always had a smile for anyone he spoke to. He enjoyed Bingo with the group and won the cover all the last time he was able to attend. He was a generous man and always worried about his family and how they were doing. From all his Old Friends at Greystone we offer our Condolences for your loss.
