“ *Sorry to hear of Rose's passing. She was such a nice lady and I really enjoyed spending time with her and many of her friends as we met for lunch many times in the last few years. She always thought my name was Melda Sue, because Sue and I always seemed to arrive at the lunch destination at the same time and our friend Patty P. always said there's Melda and Sue. but Rose never heard the and between our names. That went on for years before she finally understood our individual names. She will be missed by many friends. Prayers to her family.*
