“ *Darlene, Russell, Mary Alice, and family,*

*I was so shocked when I read the paper tonight!*

*I truly hope that he didn't suffer and I'm sure he would not have picked a better place to spend his last days.*

*I remember the time all of us went and stayed at him home in New York. He truly made me feel welcomed and just like family. I occasionally go back to that wonderful weekend.*

*I could then see where your personality came from. I do hope that is a part of him will never die.*

*I tried to find an address, but with no luck so I do hope that one of you get this.*

*Our deepest and sincere sympathies.*

*Love,*
