“ I will miss you....who is going to "date" me for dinner....who is going to be willing to drive around in circles with me cause I have no sense of direction. Remember Mercer? There was a Sheetz on every corner (so I thought). How about the times we were on roads with no houses or humans anywhere and we would laugh about how nobody would bother to look for us for weeks, there wasn't even cell service. We had some good times traveling on our day trips. I will miss all of this. Love you.
