“ I want to express my sympathies to your family...I've know Tami for a long time...from her days at the Corner Store through just seeing her in public...Tami was always the sweetest and most gracious person...always able to see the brighter side in situations and exude her caring attitude... It seems like just a few days ago that I saw her...never thought it would be the last time...I'm keeping you in my thoughts and prayers...and knowing that Tami was one of those beautiful people in life

“ My deepest sympathy to the family. I'll never forget when we went ghost hunting and tripped over each other cause we were so scared. You are now in the hands of our Lord. Rest in peace.
