“ *You were and always will be the best uncle , you taught me how to ride a bike , how to fish , how to be tough , you shared your knowledge with me , you blessed me with three amazing cousins whom i love with all my heart , you hauled us around every weekends for BMX , you held our bikes up at the gate when we were to young to find our own balance , you cheered for us when we won , and even when we lost . You were always the first one on the track when we would fall , always the one there to help us get back on and finish the race, cause in our family we always follow thru , you were the one who wouldn't say anything even tho you could see cam and I climbing up on the kitchen table to get on top the fridge and grab some carrot cake , you loved us all so much , just like we love you . I'm sorry as we got older life got crazy and we didn't see each other as much , but I will never forgot the times we shared or the things you have taught me. My memories of you will never fade , they will never wander , I love you forever and I love you for always ❤️*

“ Come join the murder
Come fly with black
We'll give you freedom
From the human trap
Come join the murder
Soar on my wings
You'll touch the hand of God
And He'll make you king

You were always the 1 to light up a room, well because you were so handsome, but your appearance & present everyone loved you. You was like a brother to me, my door was always open anytime he needed place to stay. My Boys Mike Hammond Jr. & Ryan Gibson looked up to you when they were growing up, remember Ryan saying.. When I'm older I'm going out kicking it with uncle Timmy cause he gets all the fine girls lol. “ Thank you for giving me the love dog of my life, Xena. You were so kind to give her up to me and I hope it gave you pleasure to know she gives back to the community as a therapy dog. In so many ways your spirit will continue to bless those around you.....giving your organs to help suffering people. You were always laughing and loving life and I choose to remember you that way.
