“ #toddt plumber will be missed by the Whatnot family. Always the gentleman, with his easy humor and support of the sellers, his absence is being deeply felt amongst his friends here. I know his family is torn apart by his leaving them, but I hope they can receive some comfort in remembering what a remarkable human he was during his short time on earth. Cancer is a demon who robs us of the very best among us, and we pine for the time where the cure for it will be released to us. Todd, you made a difference and your legacy is one of goodness and cheer. It was a privilege to get to know you, and I hope Peace is everything we all dream of. Rest, my Friend. Your job is done, and well done indeed.

“ *To Todds Wife and Family:*

So sorry for your loss of Todd. He was such a Good Friend and Person. He had a Great sense of personality. He will be missed Very Much by all who knew him. I use to change the oil and service his vehicles all the time when I worked at Buffalo Express as their head PA State Inspector and PA Emissions Inspector. He would come in for a oil change service and we would talk for a while. He did some plumbing there for the shysters that owned the place even. Even after I quit there and Todd and I kept in touch with each other and he then told me he started to do his own services on his vehicles. Him and I would talk a lot about many things. He had a good head on him. He was a very knowledgeable person when it came to plumbing. He knew everything there was to know about it. God gained a Great Angel up in Heaven by Todd being his right hand Angel. The world lost a Great and Wonderful Person way too soon. He is now in a better place with God and all his other Angels. Todd and His Family will always be in my thoughts and prayers. Rest in Peace My Dear Friend until we all meet you in Heaven again someday. Todds Wife and Family you have my condolences and sympathy on the loss of Todd at such a young age.

“ Todd was the most sincere caring individual. He will be truly missed. We go way back to when times were so much simpler. I hadn't seen him in years until we had dinner back in 2012 to catch up. We both were so supportive on how life was treating us and just reminiscing on our youth. Paths changed and we lost contact. He will be truly missed. Heaven definitely gained a great soul. Rest with God my friend. I will never forget you 🙏😊

“ *The first time I met Todd I was 9 he was over hanging out with my mom and I had a padlock that I didn't know the combination to and I showed it to him and I think he figured out what the code was and I was so amazed I didn't really know Todd to well later in life but I still remember that interaction with him and when I had my interview with him I feel like we both felt like that like kid was all grown up still trying to learn new things thinking about my first time meeting Todd he was very kindhearted and a good father figure I know he will be watching over his family and the business so now the guys really can't be messing around Todd knew a lot of people he will leave a big hole but remember to cherish the memories you do have of people and share your memories with others*
